2.1ltr TDCi automatic

4 berth van conversion

Under 13,500 miles

The Wave is based on the LWB Mercedes Vito MPV and this, excellent, example has the Mercedes automatic gearbox. It has 4 belted travelling seats, including the driver and passenger seats. Both cab seats can be fully rotated to produce a very roomy front lounge and they provide the extra length for making up the two, lower, single berths. The motorhome is equipped with a manual elevating roof and an upper double berth. To the rear is a galley kitchen that comprises 2 burner gas hob, sink, Smev hob & mini grill & Webasto Travel Box fridge/freezer. Heating is provided by a Webasto Space Heater and water heating comes courtesy of an Ultrastore Rapide GE water heater.
